

PETER THIEL'S FEDERAL CAMPAIGN CONTRIBUTIONS

Last updated: February 25, 2026

Source: Original analysis of Federal Election Commission (FEC) data by the Purge Palantir campaign.

Methodology: Totals reflect itemized contributions received by principal campaign committees, leadership PACs, and single-candidate super PACs. Analysis includes all contributions made by Peter Thiel from 2006 through the most recent available FEC filings as of February 17, 2026.

Note: The \$49 million total on the Palantir Payroll page reflects all of Thiel's political donations. The donations listed below (which collectively sum to \$43 million) include only contributions tied to specific candidates — through their campaign committees, their leadership PACs, or through single-candidate super PACs. The remaining \$6 million went to entities that support multiple candidates or aren't tied to a specific candidate, like multi-candidate super PACs and party committees.

Asterisks indicate retired politicians and those not currently in elected office.
